

# WE ARE OPEN

Could you use a hand with your kids this summer?  
**Are you wondering where you can safely access educational support for them?**

Don't let social distancing interrupt your child's education. School is ALWAYS in session at the Learning Lab! Online, at the location of your choice, or at one of our Learning Lab centers.

Education is always our top priority. Several safety measures have been put into place at the Learning Lab to ensure that everyone can safely access educational support.

## LEARNING LAB SAFETY

### Social Distancing

We will continue to adhere to social distancing guidelines while limiting the number of visitors and people waiting in our lobby.

### Cleaning and Sanitizing

We will be cleaning and sanitizing high traffic surfaces and areas on a routine basis, and our teachers will be cleaning and sanitizing their class areas in between every session. Hand sanitizer will also be widely available.

### Safety Precautions

To ensure increased protection, we have implemented temperature screenings at our front desk, as well as one-way hallways where possible (please follow the signs and arrows posted). For the health and safety of everyone, we request that anyone entering the Learning Lab agrees to wear a mask.
